Public Safety Office

Mission Statement

- A mission statement is a formal summary of the aims and values of an organization. The three components of a mission statement include the purpose, values, and goals of the organization. The provided statement should discuss the “who, what, and why” of your organization.
- Tip: It is highly recommended that the Mission Statement is documented on official letterhead. This element helps inform and validate a nonprofit organization’s categorical self-identification based on its ideology, beliefs, mission, function, or constituency served/supported.

Public Safety Office

Vulnerability Assessment

- A vulnerability assessment is used to identify and validate physical security deficiencies of your organization/facility and is the foundation of an NSGP application.
- Currently there is no prescribed format or template for the assessment.
- Vulnerability assessments can be provided in the form of a Cybersecurity and Infrastructure Security Agency (CISA) Self-Assessment (Facility Security Self-Assessment | CISA), State or Local Law Enforcement Assessment, Contractor Assessment, or other valid method of assessment.
- The vulnerability assessment involves looking inside the organization for internal vulnerabilities and weaknesses. Projects/activities requested through the NSGP should align to mitigate items identified in the vulnerability assessment.

Investment Justification (IJ)

DEPARTMENT OF HOMELAND SECURITY
Federal Emergency Management Agency

NONPROFIT SECURITY GRANT PROGRAM INVESTMENT JUSTIFICATION

OMB Control No.: 1660-0156
Expiration Date: 08-31-2023

As part of the Nonprofit Security Grant Program (NSGP) application, eligible 501(c)(3) organizations must develop a formal Investment Justification (IJ) that addresses each initiative proposed for funding. These IJs must demonstrate how proposed projects address gaps and deficiencies in current programs and capabilities. Additionally, the IJ must demonstrate the ability to provide enhancements consistent with the purpose of the program and guidance provided by the Federal Emergency Management Agency (FEMA). Nonprofit subapplicants must ensure that the IJ is consistent with all applicable requirements outlined below. **Each IJ must be for one facility/location.**

FEMA has developed guidelines that establish the required IJ content and helps ensure that submissions are organized in a consistent manner while addressing key data requirements. This form (Office of Management and [OMB] Number: 1660-011/FEMA Form Number: 089-25) may be used by nonprofit subapplicants to complete and submit their IJ. Failure to address these data elements in the prescribed format could potentially result in the rejection of the IJ from review consideration.

Nonprofit subapplicants must use the following naming convention when submitting required documents for the NSGP-UA: "FY2023_NS GP_UA_<State Abbreviation>_<Urban Area>_<Nonprofit Name>; and NSGP-S: "FY2023_NS GP_S_<StateAbbreviation>_<Nonprofit Name>".

Applications should be submitted by the nonprofit organization to the State Administrative Agency (SAA) as a completed fillable Adobe file. Scanned copies will not be accepted. Nonprofit subapplicants should contact their respective SAA to get information on the application deadline and other SAA requirements. If an extension to the deadline is required, nonprofit organizations must consult with their respective SAA.

Public Safety Office

Investment Justification (IJ)

- The Investment Justification (IJ) is a fillable template provided and required by FEMA that asks nonprofits to describe the organization, the organization's risks/threats, and proposed projects/activities to mitigate security deficiencies (as identified in the vulnerability assessment) utilizing NSGP funding.
- Nonprofit organizations must fully answer each question in all the sections of the IJ(s) for the form to be considered complete. Nonprofit organizations should summarize the most critically important, impactful, and salient information in the IJ.
- *Reminder: Nonprofit organizations may submit **up to three (3) Investment Justifications with one (1) unique Investment Justification form and required documents for each unique physical location/address.** Each Investment Justification can request up to \$150,000 per location for a total of \$450,000 across three unique physical locations/addresses.*

Public Safety Office

Investment Justification (IJ)

- The Investment Justification (IJ) Template is released by FEMA with the FY 2023 NSGP Notice of Funding Opportunity (NOFO)
- HSGD will email all applicants that have created an application in eGrants the FY 2023 IJ template. HSGD will run a report daily to identify new applicants.
- The IJ template, risk assessment, and mission statement must be uploaded to eGrants no later 5:00pm CST on the date of the state deadline. This is projected to be at least 10 calendar days after the release of the NOFO.
- Applications received or incomplete after the deadline will not be considered for funding.

Fiscal Year (FY) 2023 Nonprofit Security Grant Program (NSGP) Frequently Asked Questions (FAQs) – Information for Nonprofit Organizations:

Question 9: What are ways a nonprofit organization can demonstrate that it has a high risk of a terrorist attack?

Ways an organization can demonstrate that it is at high risk of a terrorist attack include but are not limited to:

- Describe any incidents that have occurred at the facility.
- Describe any threats (e.g. verbal threats, vandalization) made against the organization.
- Describe current events with specific attention to incidents impacting organizations that have been targeted due to a similar mission, belief, or ideology.
- Contact organizations/agencies that can provide information on the current threat environment, such as local law enforcement agencies, local emergency management offices, Federal Bureau of Investigation Field Offices, or Regional Protective Security Advisors. To reach a Protective Security Advisor, email Central@cisa.gov.

Public Safety Office

Investment Justification (IJ) – Section 4-Facility Hardening (9 out of 40 Points) 2,200 character limit

- Section IV-A is a single narrative response that should:
 - Describe how the proposed projects/activities will harden (make safer/more secure) the facility and/or mitigate the identified risk(s) and/or vulnerabilities based on the vulnerability assessment
 - Describe how the proposed target hardening focuses on the prevention of and/or protection against the risk/threat of a terrorist attack.
 - Confirm that the proposed projects are allowable in accordance with the priorities of the NSGP (Funding Notice, PGM).
 - Confirm that the proposed projects are feasible (meaning there is a reasonable expectation based on predicable planning assumptions to complete all tasks, projects and/or activities within the subaward period of performance) and proposed milestones under the NSGP.

Public Safety Office

Investment Justification (IJ) – Section 4-Facility Hardening (9 out of 40 Points)

All proposed target hardening activities and associated costs should be explicitly outlined to include thorough detail, costs justification, and link to the vulnerability assessment established.

Example 1:

- Fencing: 240 feet of 8-foot chain-length fencing topped with 1 foot of barbed wire, to address vulnerability to breaching along the west side of the facility.
240 feet x \$208.33 per foot = \$50,000

Example 2:

- \$5,000 for 8 exterior cameras, 3 located on lighting poles in the parking lot, 1 adjacent to the main entrance to the facility, and 1 on each corner of the building (4 corners), to address inability to monitor the exterior of our facility and identify suspicious activity.
8 cameras x \$625 = \$5,000

Note: Contracted Security Personnel costs, planning, training, and exercise costs should also be outlined in great detail, justified, and linked to the vulnerability assessment, similar to the examples above.

Public Safety Office

Investment Justification (IJ) – Section 4-Facility Hardening (9 out of 40 Points)

Investment Justification (IJ) – Additional Information and Tips

- The IJ is a fillable PDF file. Organizations will need to have [Adobe Reader](#) in order to complete the form.
- It is recommended to make sure your organization has reliable access to the internet and a computer capable of running Adobe Reader.
- The IJ for the FY 2023 NSGP will not be available until the NOFO is released. The SAA will send the template to all organizations with an application initiated in eGrants. The template will also be posted on the eGrants website on the Updates page: [eGrants - Grant Resources \(texas.gov\)](#)
- Organizations can begin drafting their IJs in Word or a comparable application before completing the PDF template. This will allow organizations to prepare and review their planned submission in advance.

Investment Justification (IJ) – Additional Information and Tips

FEMA Application Key Takeaways

1 Duplicative applications: If you hire a grant writer, review their work. Limit copy and pasting between IJs if applying for multiple locations.

2 Administratively incomplete/insufficient: The FEMA-provided IJ must be submitted. Any incomplete packages will not be reviewed by FEMA.

3 Unallowable/out of scope expenditures: Ensure that all requested expenditures align with the program rules and objectives.

4 Organizations applying on behalf of ineligible entities: Nonprofits may not act as a pass through for a government or for-profit entity.

5 FEMA UEI guidance update on next slide

6 Threats/Risks/Vulnerability: Nonprofits must tie the threats and risks to existing physical vulnerabilities. All must tie to terrorism.

7 Direct hiring of law enforcement/public safety officials:
Contract security CANNOT be sole sourced.

8 Misaligned or unrealistic narratives, timelines, projects/activities: The IJ content and award goals should be logical, reasonable, and feasible.

FY 2023 NSGP Updates (as of January 31, 2023)

1

SAA's must confirm that nonprofits have a valid UEI before issuing a subaward. FEMA will accept IJs without a UEI and will make awards to SAA's, but the SAA is prohibited from making a subaward to an organization without a valid UEI.

3

IJs must be submitted in the correct format (i.e., electronic PDF completed in the Adobe program). Troubleshooting information will be provided by FEMA.

2

Bonus point structure is remaining the same.

4

5% of awards made to SAA's is retained by the SAA for M&A costs.
